This will be commemorated as my first manga. There were a lot of difficulties, but somehow, it become a book. It's all thanks to all of you. Thank you very much.

The character that's easiest to make come to life is Niko-chon, but the character that's hardest to draw is also Niko-chon. (Ho ho!) Incidentally, the easiest to draw is the Chairmon. (Ho ha!)

The character on the left will be appearing in the next volume. He has rabbit ears. (Heh.) Please look forward to seeing how he'll interact with Niko-chon and the others...
